New Lease of Life for an Iowa Postmaster.

Postmaster R. H. Randall of Dun-lap, Ia., says: "I have been a great sufferer from indigestion and result-ing evils for years. Being unable to ob-tain permanent relief, I resolved to try kodol Dyspepsia Cure. Before I had taken one bottle I knew I had found what I had long looked for. After a few bottles I was cured of a soreness in my left side that I had not been free from for over ten years. I am better to day than for years. Kodol Dyspepsia Cure has given me a new lease of life.
"If any suffering person will use
Kodol Dyspepsia Cure, I believe, if it
is a diseased stomach from which they suffer, that they will receive permanent relief. Anyone wishing can have a sworn statement as to the genuinness and truthfulness of this statement."

This testimonial is the voluntary statement of a man who has suffered, found relief and wants others to receive the same benefits. Kodol Dyspepsia Cure will cure any case of stomach trouble. It rests the stomach by digesting what you eat. The rest alone would restore health. But Kodol Dyspepsia Care also contains tonics which build up the organ and hasten the good results. You don't have to diet. Kodol Dyspepsia Cure will di-gest what you eat. Helps children, too.

Kodol Dyspepsia Cure Cures all Stomach Troubles. Prepared only by E. C. DeWitt & Co., Chicago. The \$1. bottle contains 2% times the 50c. size.

The Design of the Anthracite Miners Is to Get the Bituminous Miners to Come Out Also.

Total Suspension of the Coal Industry Would Lock the Wheels of Progress.

Hazelton, Pa., May 17.-The anthra mac had returned there from the cite mine workers in convention yes. Island of St. Vincent, bringing a re- a farmer living near Abolte, this counterday in order to win their strike unanimously decided upon a plan that if carried into successful operation would practically tie up the industries of the country, paralyze business and inconvenience the people throughout the United States. It is their desire up to the present time and that 5,000 that a special national convention of of the island's inhabitants are destithe United Mine Workers of America tute. be called as soon as practicable for the purpose of endeavoring to have all the bituminous mine workers, both organ- Farewell Banquet at Havana Occasized and unorganized, involved in the anthracite miners' struggle. This announcement was officially made by President John Mitchell in a statement giving the result of the deliberations

of the delegates in convention. If a special national convention is called and the miners succeed in their object, it would directly affect 449,000 men who are employed in and about the coal mines of the country. Coal would soon become scarce and this would ultimately result in the tieing er-in-chief of the Cuban army and the up of railroads and all sorts of indus- idol of the Cuban people, presided. At tries that use large quantities of the fuel. It is doubted by some interested persons here who are closely watching developments that such a stupendous movement could be brought about for the reason that the business interests of the country would not stand idly by and permit such a plan to be put into effect.

The striking miners are enthusiastic over the convention's action, and most of them can see only success in the

proposition. An absolutely tructworthy source is authority for the statement that the specfal convention will be called probably at Indianapolis in the course of several weeks. According to the rules of the United Mine Workers a petition is necessary to call a special conven tion. The three anthracite districts are unanimous for such a meeting, and it is likely that the West Virginia and the Michigan districts will consent to the issuance of the call. The two latter districts now have small but stub born strikes in progress, and they will doubtless consent to the call so that they, too, may receive the benefit of his right sat Governor General Wood whatever may be accomplished.

The lassitude incident to spring weather is especially trying to women. Ailments peculiar to the sex Miss Laura White, of Seymour, is of many varieties are especially prone to aggravation. All this class of affections are fitly described in the city with relatives for a short by the term "pelvic catarrh."

Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No free medicine will be supplied by the doctor, but all necessary directions will be furnished. Read what the above ladies have to say of Peruna as a cure for these cases.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Employers Should be More Considerate. Mrs. Pinkham Asks Tired Women to Write Her for Advice.

In the vast retail establishments of large cities, many women are employed as saleswomen.

Men formerly held the positions that women now hold, and while women's organism is less strong than men's, they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them, in a short time, contract those distressing complaints called "female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhœa, general debility, and nervous pros-

They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness.

In such cases there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following letters prove this. They also prove the value of Mrs. Pink-
